

Welcome to the JDEX Authorized Attorney Portal Tutorial*

* Completing this tutorial is mandatory for gaining access to the attorney portal

For the first time, Juvenile Courts across the State have access to a unified repository of Juvenile data.

JDEX allows probation and intake staff, clerks, and attorneys of record to access statewide juvenile delinquency records promoting informed judicial decision-making and public safety.

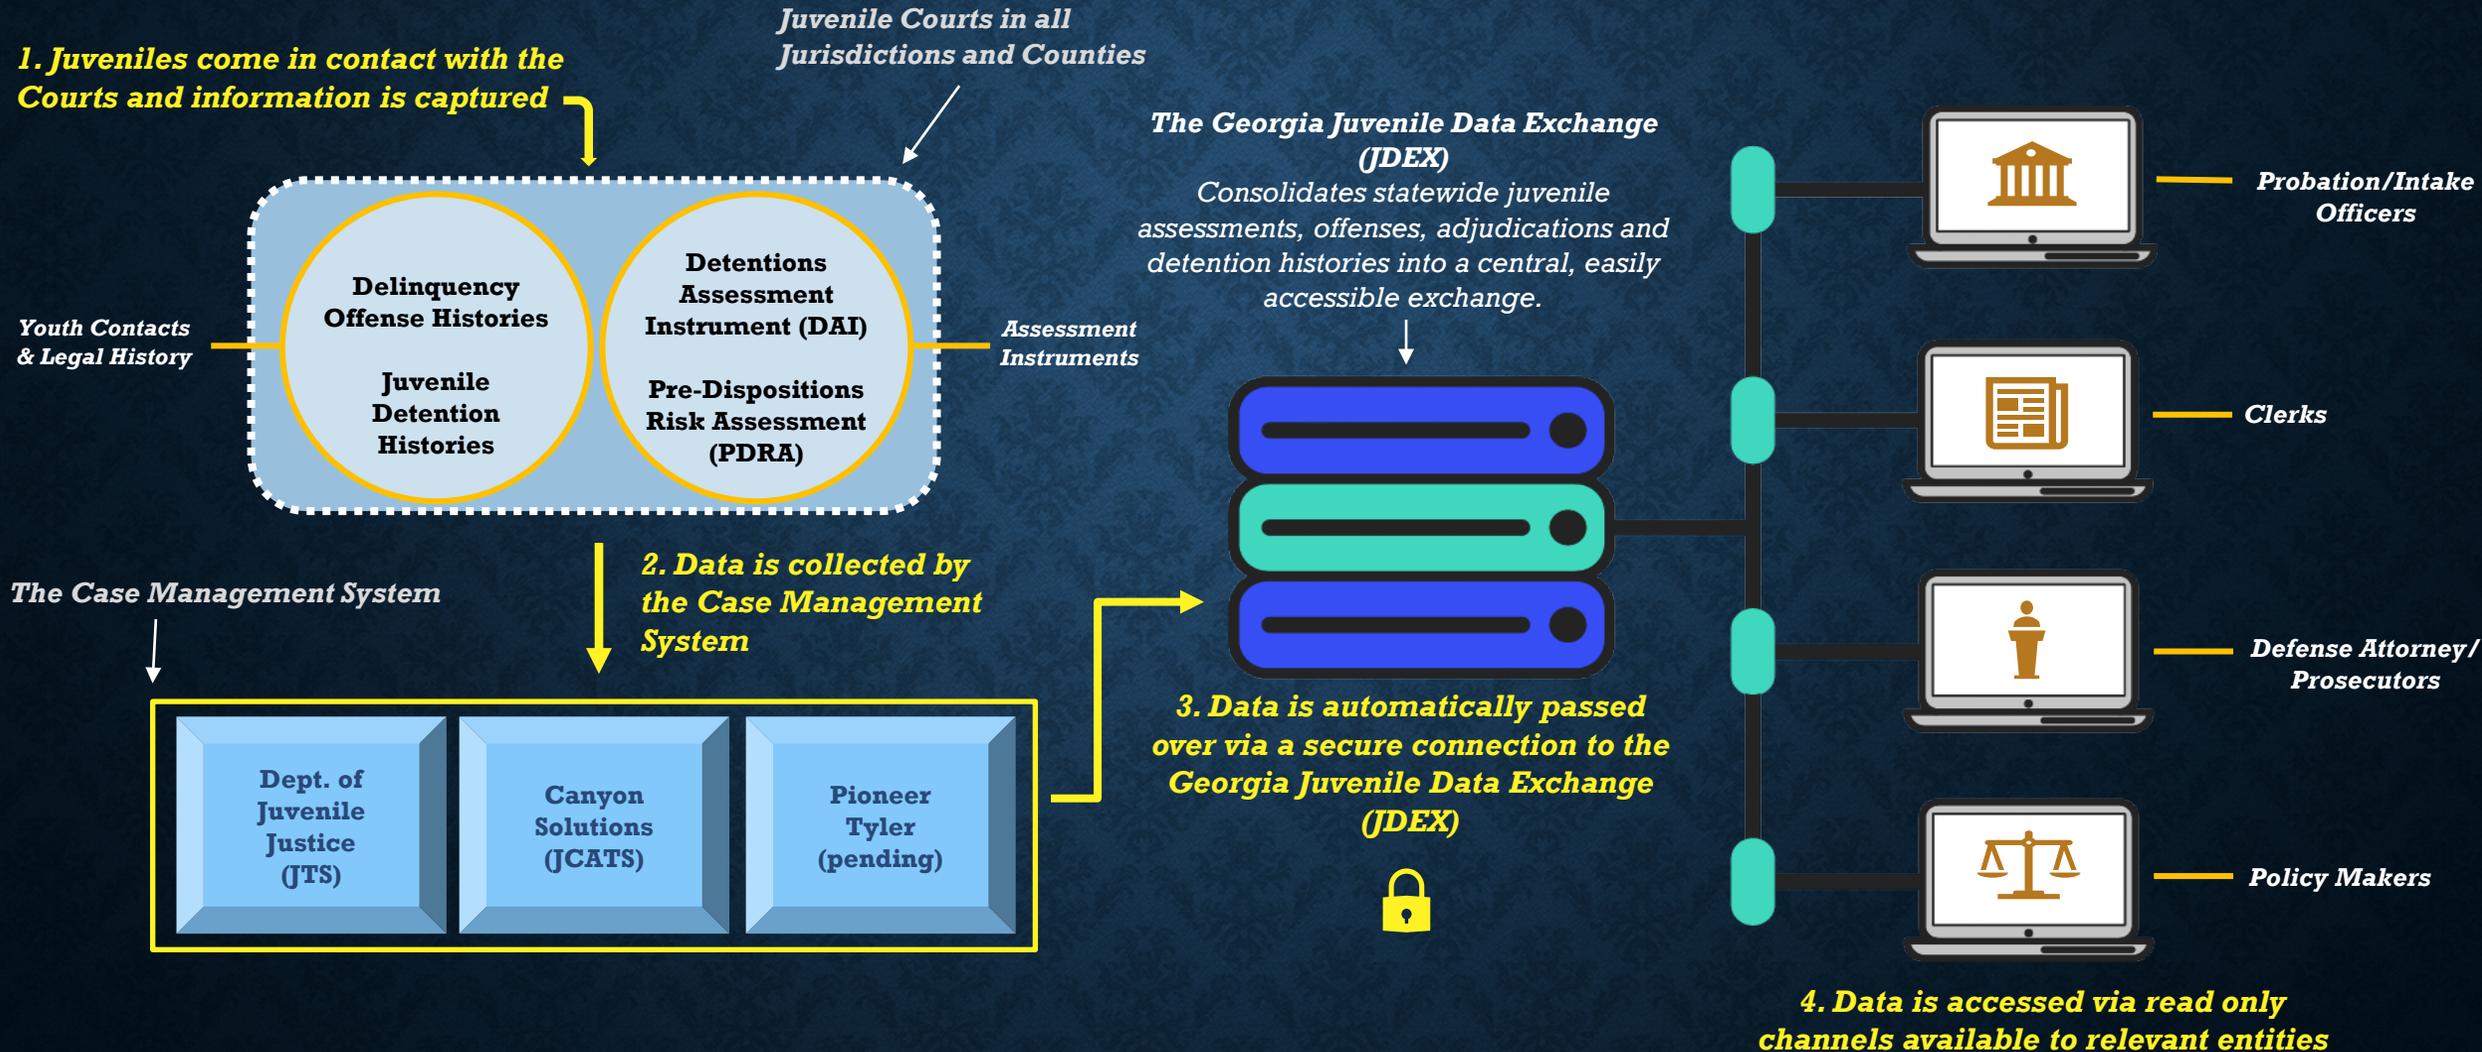

- Detention Assessment Instrument (DAI) is a standardized juvenile risk tool used to determine the need for detention at an initial offense
- Pre-Dispositional Risk Assessment (PDRA) is a standardized risk assessment tool used to develop dispositional recommendations to the court tied to supervision and services

JDEX: A GEORGIA SUCCESS

- **JDEX integrates critical statewide delinquency data into a simple-to-use, web-based platform. It is a step forward for juvenile justice in Georgia.**
- **JDEX provides analytics and reports to jurisdictions highlighting core demographic, offense, and detention statistics.**
- **JDEX reflects a committed partnership among the Governor's Office, the Council of Juvenile Court Judges, the Judicial Council/Administrative Office of the Courts, the Criminal Justice Coordinating Council, and the Department of Juvenile Justice.**

Georgia Juvenile Data Exchange (JDEX)

The exchange provides juvenile legal history, detention history, DAI and PDRA data to Juvenile Courts across the State to support the most informed judicial decision making.

Attorney Verification Page

Enter the First Name, Last Name and email that was shared during the authorization.

Exact Match Search

Enter the juvenile's last name and complete date of birth. Then select search.

Enter the Juvenile's Last Name and Date of Birth, then click Search

Last Name

Date of Birth (MM-DD-YYYY)

Search

No Juvenile Match Found

Exact Match Search Results

The search results will populate below the search field; only if the last name spelling matches along with date of birth. The search results include first name, last name, DOB, gender, residence county, and indicates of legal history or detention history. The words in blue font are indicating reports are available; you can click on blue underlined wording for more information. The * indicates alternate name spelling for that juvenile. (Sample data below) There might be more than one result displayed, please select the appropriate juvenile.

Legal History Report

The legal history report provides the juveniles' demographic information and statewide legal history. The legal history report is generated from multiple case management systems and indicated in the last column. All columns have sort and filter options available. To sort the data based on a column, click on the arrow in that column. To filter hover the column for the text box to appear. Type the required filter condition. The filter results appear real time.

Detention History Report

The detention history report provides the juvenile demographic information and detention history details. If the release date column is blank, that indicates the juvenile is still in detention. All columns have sort and filter options available and can be accessed in a similar way as on the legal history page.
